

Building a better Maryland takes a special kind of strength—the kind of strength you’ll find every day in leaders of all ages throughout our local businesses, communities, and schools.

We harness that strength by connecting, empowering, and inspiring a diverse community of leaders across Maryland to drive meaningful change throughout the state. We are the premiere statewide program for current and

future leaders, igniting in them a lifelong passion to move Maryland forward. With the help of our partners, we engage in the vital issues affecting our state and work to build solutions for real actionable change.

***Join us to build a
better Maryland.***

Sponsorship Packages
